### **The Resurrection Mural**

***World Renowned Artist Ron DiCianni has finished a masterwork one-of-a-kind mural on the Resurrection of Jesus Christ!***

Temecula, CA – Tapestry Productions Talent Management (A Division of TPI) is pleased to announce that artist **Ron DiCianni** has successfully completed the largest known contemporary oil painting depicting the Resurrection of Jesus Christ.

Commissioned to be the signature piece of a newly opened museum in Dallas, TX, internationally acclaimed Artist Ron DiCianni describes the work to be his Magnum Opus, capping a half century long career. Standing at 40 feet long by 12 feet high, this oil on canvas mural represents the largest known contemporary depiction of the resurrection of Jesus Christ.

The mural, entitled *Resurrection*, has many distinct features and includes a twist on the typical portrayal of Christ's resurrection by showing several past "Heroes of the Faith" in attendance, including John the Baptist, Moses, Abraham and Isaiah. Modeling for these characters were some of the top artists in America, including Morgan Weistling and Thomas Blackshear.

The resurrection of Jesus Christ is one of the key tenets in Christianity establishing that after Jesus died on the cross, He was raised to life confirming His status as Savior. DiCianni's mural showing this historically factual event provides a "what it might have been like" glimpse as Jesus emerges victorious from the Tomb.

No expense was spared in the creation of the mural. A professional fashion designer custom crafted each costume, the backdrops were made by an LA based movies studio, the props were period correct movie props and the paint made by the same paint manufacturer that has supplied Master artists, including Ron DiCianni, for the last 350 years. The culmination of over two years of work, including the expertise of Warner Brothers for certain components and props, the mural is expected to be unveiled at the museum in mid 2010.
